¹The Prospective figures reflect the renewables that we have contracted to provide. Actual figures may vary according to resource availability. We will annually report to you before August 1 of next year in the form of a Historic Product Content Label the actual resource mix of the electricity you purchased. Historic figures reflect the power delivered to the PSE Green Power Program's customers in 2023.

²New Renewables come from generation facilities that first began commercial operation within the past 15 years. This product includes generation from a facility that is approved under a strict set of criteria as repowered.

The PSE Green Power Program is Green-e® Energy certified, and meets the environmental and consumer-protection standards for set forth by the nonprofit Center for Resource Solutions. Learn more at www.green-e.org.
