SCHEDULE 317

RESIDENTIAL SERVICE TIME-OF-USE WITH PEAK TIME REBATE

AVAILABILITY:

- 1. Service under this Schedule is available to a Customer eligible to receive Electric Service under Schedule 7 Residential Service ("Schedule 7"), provided that the Company determines, to its satisfaction, that metering equipment adequate to implement this Schedule is available for the Customer. (C)
- 2. Service under this Schedule will be available on or after October 1, 2023.
- 3. Participation in Schedule 317 is limited to a total of 6,000 Customer accounts. (I)
- 4. The Company has sole discretion to limit and control individual Customer participation based on the need/criteria to conduct studies/measurement and evaluation of participant responses.
- 5. A Customer taking service under optional Schedule 171 will not be eligible for this service. (C)

APPLICABILITY: Except as otherwise provided by this Schedule, Electric Service under this Schedule shall be available on the terms and conditions set forth in Schedule 7.

ENROLLMENT: The Customer must complete the Company's enrollment process to participate in this service. Initiation of service under this Schedule will occur following acceptance and processing of the enrollment request by the Company.

TERMS AND CONDITIONS:

- 1. The Customer must consent to be contacted by the Company, its affiliates, or third parties for the purposes of load and program studies.
- 2. The Customer must provide the Company access to the meter. Should any meter fail to register or register accurately the amount of electricity used by the Customer during On-Peak and Off-Peak time periods, the amount of such use will be estimated by the Company from the best available information, as determined by the Company.
- 3. The Customer must consent for their individual usage to be studied in order to provide feedback to the customer on their usage and how they may optimize potential savings by changing usage behavior.
- 4. The Customer may qualify to receive a one-time credit of \$25 upon completion of an enrollment survey if selected by the Company to participate in such a survey.

**SCHEDULE 317
RESIDENTIAL SERVICE TIME-OF-USE WITH PEAK TIME REBATE**

(Continued)

PEAK TIME REBATE: A Customer who chooses to take service under this Schedule is eligible to receive a rebate for reducing energy use during Company-called events, relative to each Customer's baseline energy use, as determined by the Company. (M)

There will be two Peak Time Rebate event seasons: summer (the successive calendar months of April through September) and winter (successive calendar months of October through March). |

To receive a Peak Time Rebate credit, the Customer must reduce energy usage during qualifying peak hours on Peak Time Rebate Event Day ("Event Day"). On a qualifying Event Day one or more peak periods will be eligible during the Peak hours of 7am-10am during the winter months, and 5pm-8pm during the summer months. (M)

Event Days will not be called on the following legal holidays: (T)

- The first day of January (commonly called New Year's Day);
- The third Monday of January, celebrated as the anniversary of the birth of Martin Luther King, Jr.;
- The third Monday of February, to be known as Presidents' Day and celebrated as the anniversary of the births of Abraham Lincoln and George Washington;
- The last Monday of May, commonly known as Memorial Day;
- The nineteenth of June, recognized as Juneteenth;
- The fourth day of July, the anniversary of the Declaration of Independence;
- The first Monday in September, commonly known as Labor Day;
- The eleventh day of November, commonly known as Veterans' Day; (K)
- The fourth Thursday in November, commonly known as Thanksgiving Day; |
- The Friday immediately following the fourth Thursday in November, to be known as Native American Heritage Day; and |
- The twenty-fifth day of December, commonly called Christmas Day. |

The Company will initiate an Event Day with an event notification to a participating Customer the day prior to the event. A participating Customer must choose at least one method of receipt of notification. The Company will call a maximum of no more than 20 event days per year. |

SCHEDULE 317
RESIDENTIAL SERVICE TIME-OF-USE WITH PEAK TIME REBATE

(Continued)

PEAK TIME REBATE: (Continued)

Peak Time Rebate Credits will be calculated by comparing a Customer's past usage metered to the usage metered during the Event Day. For the purposes of this service, past usage metered shall be calculated by examining the usage metered for the ten business days preceding the Event Day, excluding weekends, listed legal holidays, and any other Event Day(s), to determine the Baseline Days. Baseline Days shall be the three days in the ten-business day period with the highest usage metered during peak periods.

Peak Time Rebate Credit:

	Through	Beginning	(N)(N)
	<u>January 28, 2026</u>	<u>January 29, 2026</u>	(N) I
<u>Winter (October 1st-March 31st)</u>	\$(0.667952) per kWh	\$(0.708138) per kWh	(R)(N)
<u>Summer (April 1st-September 30th)</u>	\$(0.667952) per kWh	\$(0.708138) per kWh	(R)(N)

CUSTOMER INFORMATION: By virtue of this service being part of the Company's primary purpose of providing electric service to its Customers, the Customer grants to the Company the right to use their personal information, relative to this service, and the Company may disclose personal information to third parties. Personal information includes, but is not limited to, contact information such as telephone number or email address. The Company will make appropriate efforts to safeguard the Customer's confidential information.

PILOT BILL PROTECTION AND ENABLING TECHNOLOGY: The Company will provide bill protection to half of the low-income participant Customers taking service under this schedule that completed the enrollment survey. This is expected to be in the form of an end-of-twelve months/annual bill credit for an applicable Customer's total Energy Charge costs greater than 10 percent over what Energy Charge costs would have been for the same period under Schedule 7 residential Energy Charge costs. The Company will target to provide enabling technology to half of the low-income participant Customers taking service under this schedule that completed the enrollment survey, including but not limited to smart thermostats.
