**RE: Advice No. 2024-24
Puget Sound Energy’s Electric Tariff Revision**

Dear Executive Director Killip:

Pursuant to RCW 80.28.060 and WAC 480-80-101 and -105, please find enclosed for filing the following proposed revisions to the WN U-60, tariff for electric service of Puget Sound Energy (“PSE” or the “Company”):

3 rd Revision	Sheet No. 611	Residential Battery Energy Storage System Services
--------------------------	---------------	--

The purpose of this tariff filing is to correct a scrivener’s error in Availability Section B of electric Schedule 611.

On May 13, 2024, PSE filed revisions to the Availability of its Residential Battery Energy Storage System Services (“BESS”), including the removal of a restriction that customers participating in electric demand response programs and services will not be eligible for service under Schedule 611. When this revision was made to Section B of the Availability, the end of the sentence in that section was erroneously removed. This filing restores the end of the sentence as it was originally intended.

The tariff sheet described herein reflects an issue date of June 26, 2024, and effective date of July 26, 2024. Posting of proposed tariff changes, as required by law and the Commission’s rules and regulations, is being completed through web, telephone and mail access in accordance with WAC 480-100-193.

Jeff Killip, Executive Director and Secretary

**PUGET SOUND ENERGY
Electric Tariff G**

**SCHEDULE 611
RESIDENTIAL BATTERY ENERGY STORAGE
SYSTEM SERVICES**

AVAILABILITY: Throughout any territory served by the Company, this optional residential Schedule is to make available electric residential Battery Energy Storage System (“BESS”) services to certain Customers as prescribed in this Schedule and subject to the following conditions:

- A. Service under this Schedule is available to a Customer eligible to receive Electric Services under Schedule 7 and under a Schedule 8 account within the same property parcel.
- B. A Customer taking Electric Service under Schedules 307, 317 or 327 or participating in the optional metering service of Schedule 171 will not be eligible for this Schedule.
- C. Services under this Schedule are available to an individually metered single-family Residential Customer, provided that the Company determines, to its satisfaction, that metering and communication equipment at the Customer’s BESS site is adequate to implement the service under this Schedule for the Customer.
- D. A Customer shall be eligible for this Schedule following the receipt and acceptance by the Company from the Customer of necessary documentation.
- E. Services under this Schedule will be available for enrollment on or after January 1, 2024.

(C)

DEFINITIONS:

- A. **BESS** means a battery energy storage system that is owned, or whose electrical output is owned, by the interconnection Customer that is located on the interconnection Customer's side of the point of common coupling, and all ancillary and appurtenant facilities, including interconnection facilities, which the interconnection Customer requests to interconnect to the electric system.
- B. **Designated Third Party** means the Company’s designated agent or third party to initiate and dispatch a BESS Event or Dispatch Event.
- C. **Dispatch Event or Event** means an event dispatched by the Company whereby the Company or Designated Third Party is called upon to discharge or charge a Customer’s BESS.
