* Schedule 141X - Protected-Plus Excess Deferred Income Tax (EDIT) Reversals Rate Adj.

Description of Charges

Power Cost Adjustment

Schedule 95

This rate adjustment reflects changes in power costs due to a variety of factors, including fluctuating costs of electricity in the wholesale market and costs of new electric generation resources.

Federal Wind Power Credit

Schedule 95A

(Federal Incentive Tracker)

This rate adjustment passes through tax credits that are available to PSE for generating electricity from wind, to customers.

Electric Conservation Program

Schedule 120

(Electricity Conservation Service Rider)

This rate adjustment collects costs incurred for providing electricity conservation services.

Low Income Program

Schedule 129

This rate adjustment collects costs incurred for providing low income services.

Green Energy Option

Schedule 135

Available to all customers as an option designed to provide customers an opportunity to purchase qualified alternative energy resources. Customers may purchase an unlimited number of blocks of green energy at \$2.00 each in addition to all other charges contained in the rate schedule under which the customer receives service. A block is equivalent to a 200 kWh purchase. Monthly minimum purchase is two blocks per month.

Renewable Energy Credit

Schedule 137

(Temporary Customer Charge or Credit)

This rate adjustment currently passes through a temporary credit from a portion of the proceeds of the sale of renewable energy credits.

Property Tax Tracker

Schedule 140

The purpose of this schedule is to separate out the cost of all property taxes incurred by the company.

Description of Charges

Expedited Rate Filing Rate Adj.

Schedule 141

The purpose of this schedule is to implement rates approved through the Expedited Rate Filing (ERF) process.

Protected-Plus Excess Deferred Income Tax (EDIT) Reversals Rate Adjustment

Schedule 141X

The purpose of this schedule is to pass back to customers a portion of the savings related to the Tax Cut and Jobs Act and the reduction in federal corporate income tax rates on January 1, 2018.

Temporary Federal Income Tax Rate Credit

Schedule 141Y

The purpose of this schedule is to pass back to customers the tax amounts that were over-collected between January and April 2018, related to the Tax Cut and Jobs Act and the reduction in federal corporate income tax rates on January 1, 2018. This is a temporary rate adjustment that will credit customers for one year.

Revenue Decoupling Adj. Mechanism

Schedule 142

The purpose of this schedule is to establish balancing accounts and implement a rate adjustment mechanism that decouples the company's revenues recovered from certain customers from sales of electricity.

Net Metering Services for Customer Generator Systems

Schedule 150

Available to customer generators taking service on Schedules 7 through 49 who operate fuel cells, or hydroelectric, solar or wind power generators with a total capacity of no more than 100 kW. Specific details are available upon request.

Energy Exchange Credit

Schedule 194

(Residential and Farm Energy Exchange Benefit)

The Energy Exchange Credit is the Federal Columbia River Benefits supplied by the Bonneville Power Administration for residential and small farm customers. Credits automatically are passed through to residential electricity customers. Farm customers must apply and qualify for the credit.
