

Gas Space Heat Rebates

Thank you for your commitment to energy efficiency

Confirm you're qualified

You can:

- 1) Contact an Energy Advisor at **1-800-562-1482** Monday through Friday 8 a.m. to 5 p.m.
- 2) Review rebates qualifications by category at pse.com/rebates

General Qualifications

- Must be a current PSE residential customer for all of the following rebates.
- Rebate application must be submitted within 30 days of installation.
- Qualifying electric equipment must be installed in PSE's electric service area. Qualifying gas equipment must be installed in PSE's gas service area.
- Applies to existing single family properties only. Single-family new construction, multi-family (5 or more attached units) and commercial accounts are not eligible.
- Rebates only available on new, qualifying equipment.
- Cannot be combined with any other rebates except where noted.
- Must install to comply with all federal, state and local code requirements.
- Equipment that is replaced under warranty will not be eligible for second rebate.
- One rebate per qualified single-family residence.
- Rebate cannot exceed the pre-tax purchase price of any rebated product.

Fill out your account, name, address and home information

Account # (where equipment is installed)				Name (check payable to)			
Address (where equipment is installed)				City		State	Zip
Mailing Address				City		State	Zip
Email Address				Phone #

Select the rebate product(s) you are applying for and enter product information

Gas Home Heating		
Furnace (\$350)	Boiler (\$350)	
Fireplace (\$200)	Space & Water Heat (\$800)	
Product Information and AHRI Certificate		
Equipment Model Number(s)	Equipment Model Number(s)	AHRI Number (if applicable)

Attach a copy of your final installation invoice or receipt

Your installation invoice or receipt must include an installation date, brand and model number(s) of all rebated equipment.

Sign the terms and conditions

I acknowledge that the product(s) described above have been purchased and installed at the location indicated. I understand that PSE provides rebate incentives for measures that are designed to save energy but I acknowledge that estimated energy savings are not guaranteed and I understand that PSE has made no express warranties or representations with regard to these products or their installation. I acknowledge that I am responsible for meeting applicable code requirements, determining the adequacy of installation, and paying all amounts owed to contractors/suppliers. Further, I understand that this is a tariffed service and is subject to change or termination without prior notice. PSE reserves the right to inspect any installation prior to rebate approval and/or after rebate payment and I agree to provide PSE reasonable access for such purposes. I authorize PSE to release my customer account information, including my billing and energy usage information, to an independent, third-party evaluator solely for the purposes of evaluating this rebate program, confirming energy savings and for other quality assurance purposes. The disclosure of your private information will comply with PSE's privacy policy and state regulation.

Furnace

- Must install an AHRI or ENERGY STAR® certified natural gas furnace with 95% AFUE or better.
- Must be the primary source of heat. Cannot be installed with a new or existing heat pump. Any natural gas furnace installed with heat pump is not eligible and heat pump qualifications will govern.

Fireplace

- Must meet Canadian P4 FE of 70% or better, be direct vent and have electronic ignition. Both direct vent, pilot on-demand and power vent fireplaces are eligible.
- Must be installed in main living area. Bedroom installations are not eligible.
- Can be combined with other space heating rebates.
- For a list of qualifying products, go to pse.com/fireplace.

Boiler

- Must install an AHRI or ENERGY STAR qualified natural gas boiler with 95% AFUE rating or better.
- Indirect water heaters installed off boiler are not eligible for additional rebate incentives. Standalone water heaters are still eligible provided it meets efficiency requirements.

Integrated Space & Water Heater

- Must use a single source ENERGY STAR or AHRI .90 EF natural gas tankless water heater or 95% AFUE natural gas boiler for both home heating and water heating.
- May be completely hydronic/radiant or a combination of forced-air and hydronic/radiant systems.
