

# Windows Rebates

Thank you for your commitment to energy efficiency

Confirm you're qualified

**You have the option to:**

- 1) The ENERGY STAR® window incentive does not apply to homes with existing double-pane windows.
- 2) Review rebates qualifications by category at [pse.com/rebates](http://pse.com/rebates)
- 3) Contact a PSE representative at [rebates@pse.com](mailto:rebates@pse.com)

**General Qualifications**

- Must be a current PSE residential customer for all of the following rebates.
- Rebate application must be submitted within 30 days of installation.
- Qualifying electric products must be installed in PSE's electric service area. Qualifying gas products must be installed in PSE's gas service area.
- Applies to existing single family properties only. Single-family new construction, multi-family (5 or more attached units) and commercial accounts are not eligible.
- Rebates only available on new, qualifying equipment.
- Cannot be combined with any other rebates except where noted.
- Must install to comply with all federal, state and local code requirements.
- Products that are replaced under warranty will not be eligible for second rebate.
- One rebate per qualified single-family residence.
- Rebate cannot exceed the pre-tax purchase price of any rebated product.

**General requirements:**

- You must have existing single pane (wood or metal framed) windows or patio doors to qualify for this incentive.
- The high-efficiency windows or patio doors must be installed to replace the existing single pane (wood or metal framed) windows or patio doors.
- The installed windows or patio doors must meet the requirements listed below:
  - Prime windows must have an NFRC rated U-factor of .30 or lower.
  - Patio doors must have an NFRC rated U-factor of .35 or lower.
- Window count is determined by the fenestration (opening) of the replaced windows. \$50 per window, eligible up to \$750 maximum.
